

April 10, 2022

Hello James,

It is our great pleasure to inform you that the Wayne C. Henderson Scholarship Committee selected **Smith Mountain Arts Council / Franklin County JAM** to receive a **\$1,000.00** grant from our scholarship fund. **CONGRATULATIONS!!** Your JAM Program and so many others like it provide countless numbers of children with an otherwise unaffordable opportunity to learn to play and love traditional music. The more JAM programs... the better!

We are happy to say that the Music Festival and Guitar Competition will resume this year on Saturday, June 18t at Grayson Highlands State Park. Each year at the Festival we enjoy bringing all the scholarship and grant recipients on stage to introduce them to the crowd. **Please respond by return email or a call to the phone number below to let us know that you received this notification and whether a representative of your traditional music program will be able to attend the festival.** Closer to the festival date we will notify you as to what time we will be making the scholarship presentations and will also mail you two admission tickets and a parking pass.

We hope you will notify the local newspapers of your selection. The decision to print the announcements, of course, will be entirely up to the news staff. We feel sure your community will share the pride we feel in selecting your program to carry on the traditional music we love.

Again, congratulations and we look forward to seeing you in June.

Sincerely,

Diane & Lou Morrison
